

FitBuddy AI — UI & User Workflow Design

Phase 3: Project Design Phase

Main screens

- Landing/profile form
- Generated 7-day result
- Feedback/update flow
- All-users/admin view

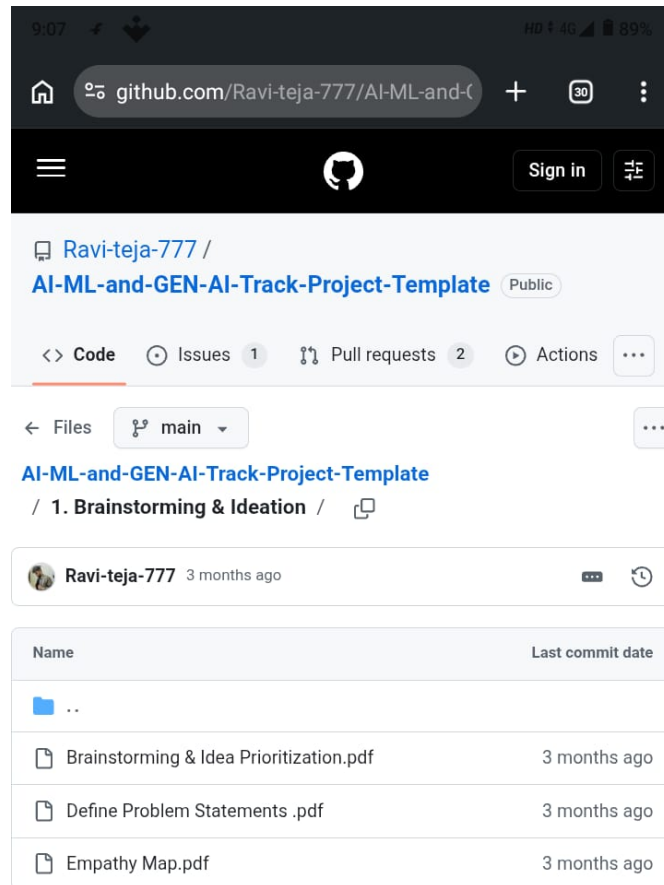

Workflow order

- Open application
- Enter profile
- Generate plan
- Review plan and tip
- Submit feedback
- View revised plan
- Open /docs for API documentation
- Run tests

Responsive design

The project documentation identifies Jinja2 templates and static/style.css as the frontend structure.
